

*This week I provide you with some silly festive merry-making, based on one of my favourite childhood Christmas tree decorations.*

*I hope you enjoy your F.Art-ified Merry-Go-Round.*

**Print me out, colour me in, cut me up, slot me together & display me upright!**

*I would obviously love to see your coloured-in creations, so feel free to send me pics. <3*

# F.Art

I've been ill for the last few weeks, and thought it would be fun to make F.Art a little different.

Grab your coloured pens or pencils & a pair of scissors, it's time to get snipping!
